Q1

To what extent do you agree with the following statements? (for clarification: "Traverse City" = TC city proper, our 8 square miles)

Traverse City should aspire to be an inclusive (all ages and abilities) town	Strongly agree
Traverse City should aspire to be a sustainable (climate) town	Strongly agree
Traverse City should aspire to be a healthy (active living) town	Strongly agree
Traverse City should aspire to be the most walk/bike-friendly town in Michigan	Strongly agree
Traverse City should aspire to be a town of one neighborhood	Disagree
Traverse City should continue to be a town of several neighborhoods	Agree
Traverse City should be designed for those who visit	Disagree
Traverse City should be designed to make it easy to pass through	Disagree
Traverse City should be designed to make it easy for people to commute in by car from nearby townships, villages and cities	Neutral
Traverse City should be designed for those who live - or might one day live - in the City limits	Agree
It's realistic to expect Traverse City's elected officials to be responsive to the needs and wants of the people who live on TC's eight square miles	Strongly agree
Those who work in Traverse City should also be able to live in Traverse City	Strongly agree

Q2

Comments? What's important to you? What do you value? What are your priorities for Traverse City?

I think that TC lacks a clear vision of what it wants to be when it grows up. The challenge is to prioritize the needs of the people who live here over the wants of those who visit. It is imperative that TC is a town where its 12 month residents can live and flourish while we also protect its awesome natural resources. If we do that well, visitors will still be a vital part of our economy, but our city will have a thriving, sustainable future beyond tourism.

Q3**No**

If selected, do you plan to run for a four-year term next fall?

Comments? What's important to you? What do you value? What are your priorities for Traverse City?

It is not clear what the survey means regarding the distinction between one neighborhood and several neighborhoods. In a vibrant town, such as ours, neighborhoods have their own characteristics and a sense of community, while the town at large can have the same.

Family, community and service to others are important to me. Integrity and accountability are what I value most and try to demonstrate and live up to.

My priorities are ensuring safe, reliable and effective public services, maintaining and developing existing and new infrastructure in a growing Traverse City and being a responsible steward of our environment and community.
